GoToMeeting webnair webpage: <https://www1.gotomeeting.com/join/353566548>

The call will be via phone AND web browser (for presentations).

Topics:

- Update on current Climate Change legislation (U.S. Congress).
- Update on recent rules and regulations (including: PSD, NSR, flex-permit, PM, Ozone) which have had tribal interest in 2007.
- Potential policies and regulations which may have tribal interest in 2008. (including lead and Fugitive Rule).
- NTAA updates - status of EC members; NTF conference update
- Announcements

This call is intended to provide an informal opportunity for NTAA members, tribal air and environmental programs personnel, and EPA personnel to share important air quality related issues, projects, and concerns. Due to time constraint and the great number of issues, please respect the time and allow tribal participants the opportunity to raise issues and discuss ideas.
